IN DEDICATION

The Annual Staff presents the 1968 Roundup edition of the Panther in dedication to Kenny Howell, a young man who spent many hours sketching what he loved most--horses and western scenes. He will always be remembered by the students of Seymour High as being our cowboy in the Great Roundup in the sky.

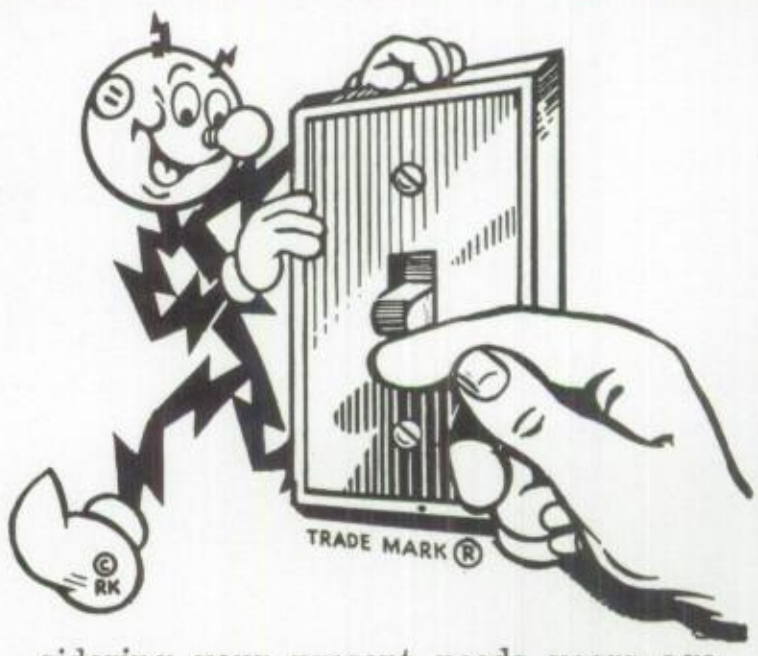
YOU CAN TAKE US FOR GRANTED



You switch on a lamp, and there's light. You set the thermostat, and there's comfort. You turn on the TV, and there's entertainment.

When you use handy, ever-present electricity, chances are you never stop to think of the effort, time and equipment involved in generating it and delivering it to your home.

And there's no need for you to ponder it. We're thinking and working every day, to see that you have a continuing supply of electric energy. In fact, we were considering your present needs years ago, and right now we're planning for your future electrical requirements.

So go ahead. Take us for granted. We wouldn't have it any other way.
